

## Competitive Advantages for Benefits Brokers

**Impressive sales tool** that helps at renewal time to separate the level of service you provide from your competitors.

**Eases enrollments and changes** with a 24/7 resource for employees to access the information they need.

**Improves client retention** with unique aggregation of benefits information in a professional website.

**Increases client satisfaction** by simplifying benefits administration tasks.

**Increase exposure for brokers** by allowing brokers to add their company logos to the MyBenefitsCount™ system, tying brokers closer to the customer.

## BrokerSuite announces MyBenefitsCount

MyBenefitsCount is a web-based system to communicate the content and value of benefit plans to employees.
